OUR BESPOKE SERVICE

It all began over a decade ago, when I covered our kitchen splashback in Delfts capturing memories my husband and I had made. I'm sentimental — I love living with those little moments, every day.

Since then, our customers' imaginations have shaped this Bespoke Service — transforming wedding monograms, beloved pets, favourite meals, and meaningful places into Delft tiles. Each design creates a deeply personal connection between you and your home — a reminder that walls can tell stories too.

These tiles do more than decorate a space; they turn the architecture of a house into a canvas for memory and meaning. Whether placed above a sink, around a fireplace, or lining a hallway, each bespoke tile becomes part of the fabric of the home — quietly grounding it in your own story.

BRING YOUR MEMORY TO LIFE

Whether it's for a wedding, a birthday, or simply a treat for yourself, we can create bespoke hand-decorated tiles for any occasion. Whatever your memory, we can bring it to life — in blue, green, mustard, crimson, manganese and sepia.

UPLOAD YOUR OWN DESIGN

We're delighted to offer the option of transforming your own drawing into a bespoke tile. Whether it's a child's artwork, a cherished sketch, or a sentimental motif from a loved one, we can translate it into a truly special, lasting piece.

UPLOADING YOUR OWN DESIGN

Your design should be created on a plain white background, in a single dark colour, and submitted as a JPEG. From there, we will carefully reinterpret it in one of our six Delft-inspired shades: Blue, Green, Crimson, Mustard, Manganese, or Sepia.
