LEOPARD AND ROSES WALLPAPER COLLECTIONS 2024

LEOPARD AND ROSES

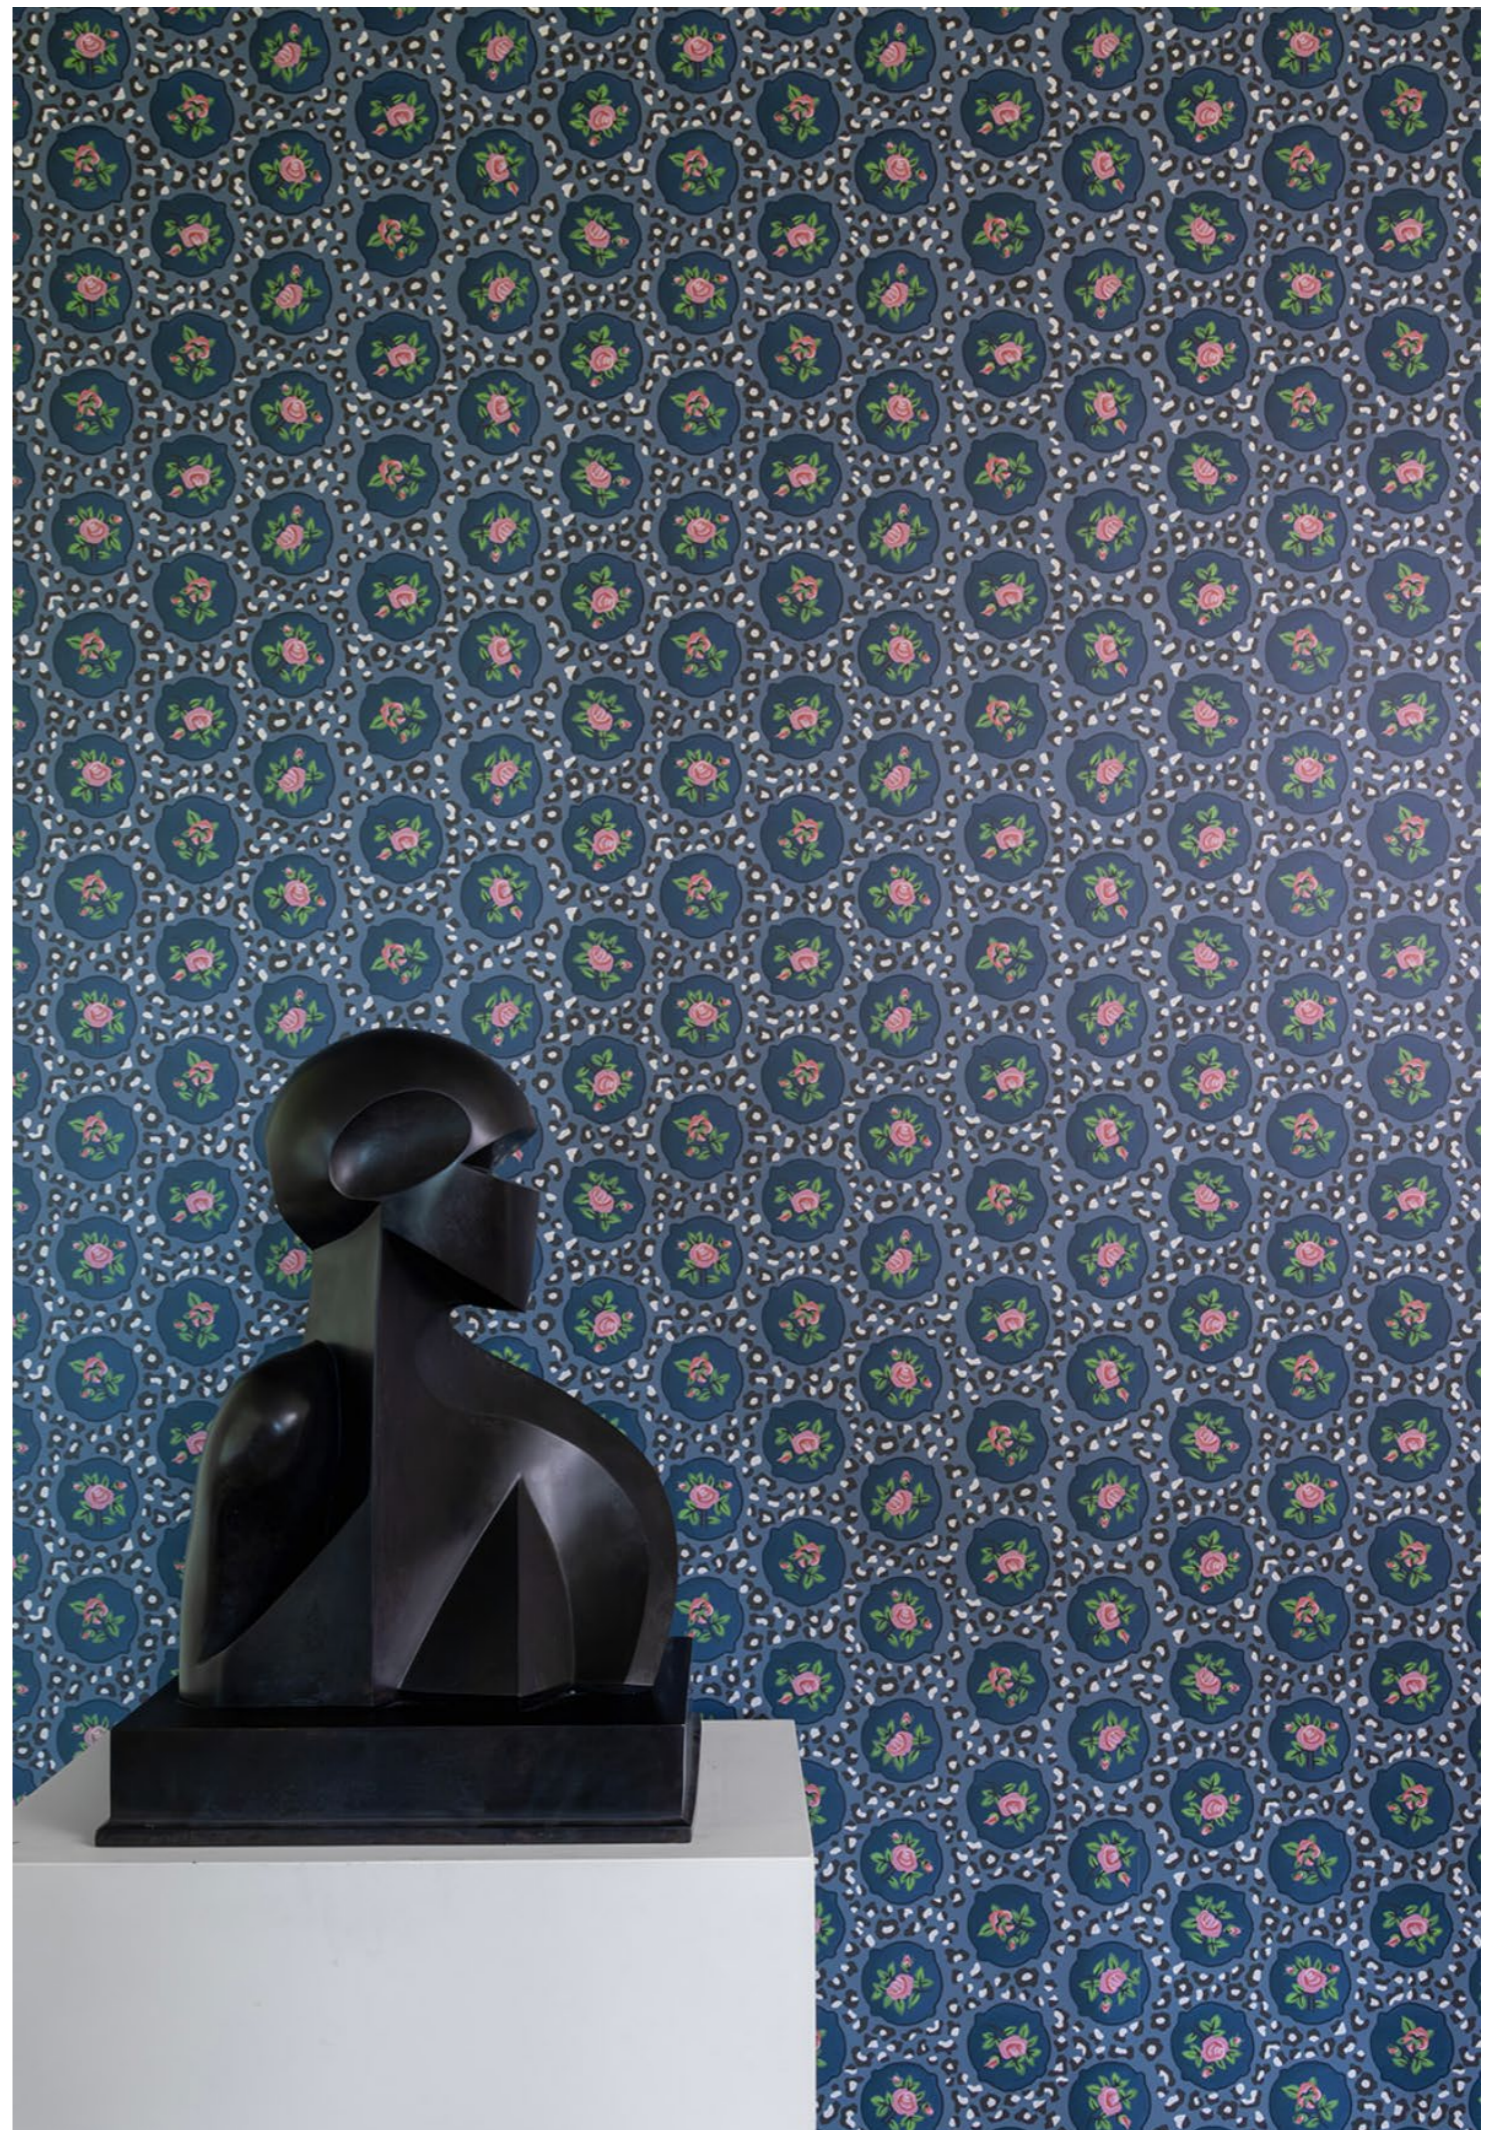

La Belle Époque was the era when French culture and arts flourished, Leopard and Roses is a celebration of that time and les cocottes, Paris-based courtesans whose taste dictated fashion. Figures such as Mata Hari, la Belle Otéro and Cléo de Mérode were seen as ultimate Parisian women by 1900. The design is rich and sumptuous and is a reflection of what we imagine their boudoirs would have looked like.

The range features 7 colour ways.
